

Subject specific grading criteria proposed by the Chemistry staff and established by the Board of Undergraduate studies of Science, Technology and Media 2007-11-30.
MIUN 2007/ 1751

Grading criteria: Chemical Engineering

Grade	Criteria
A	<p>Level: The student demonstrates outstanding results considering the results of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory ability as well as presentation skills and ability of judgment.</p> <p>Range: Fulfills all of the course learning objectives very well.</p>
B	<p>Level: The student demonstrates very good results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: Fulfills the course learning objectives, most of which very well.</p>
C	<p>Level: The student demonstrates good results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: Fulfills the course learning objectives, several of which very well.</p>
D	<p>Level: The student demonstrates satisfactory results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: Fulfills the course learning objectives, one or a couple of which very well.</p>
E	<p>Level: The student demonstrates sufficient results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: Fulfills the course learning objectives.</p>
Fx	<p>Level: The student demonstrates insufficient results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: One or a couple of the course learning objectives are not fulfilled. Additional work</p>

	<p>is required to fulfill the learning objective/s.</p> <p>Revision possible within the timeframe indicated by the examiner.</p>
F	<p>Level: The student demonstrates insufficient results considering the requirements of the course learning objectives regarding problem-solving skills, concept comprehension, laboratory skills as well as presentation skills and ability of judgment.</p> <p>Range: Does not fulfill all of the course learning objectives.</p>
