Licentiatavhandling 2011

Poplar wood formation: genotypical influences on structure and chemistry  
David Sandquist

<http://epsilon.slu.se/201101-ab.html>

Doktorsavhandling 2011

Sehaqui, Houssine

Nanofiber networks, aerogels and biocomposites based on nanofibrillated cellulose from wood

<http://kth.diva-portal.org/smash/record.jsf?pid=diva2:408658>

Doktorsavhandling 2011

Modification of fluff pulp fibres : cross-linking and alkali extraction

Kristoffer Lund

<http://gup.ub.gu.se/gup/record/index.xsql?pubid=138746> Ej fulltext

Licentiat avhandling 2011

Analyzing the hydro dynamics and the chemical reactions in pulp digester systems using CFD modeling

Jan Pourian

<http://mdh.diva-portal.org/smash/record.jsf?pid=diva2:231767>

Doktorsavhandling 2011

Pesonen, Annukka 2011. Comparison of field inventory methods and use of airborne laser scanning for assessing coarse woody debris. University of Eastern Finland, School of Forest Sciences

<http://www.metla.fi/dissertationes/df113.htm>

Toivonen, Ritva 2011. Dimensionality of quality from a customer perspective in the wood industry. University of Helsinki, Department of Forest Sciences

<http://www.metla.fi/dissertationes/df114.htm>

Korhonen, Lauri 2011. Estimation of boreal forest canopy cover with ground measurements, statistical models and remote sensing. University of Eastern Finland, School of Forest Sciences

<http://www.metla.fi/dissertationes/df115.htm>
