Reactivity and Reactions of Lignin Model Compounds with Laccases

Lahtinen, Maarit

Doktorsavhandling 2013

<https://helda.helsinki.fi/handle/10138/40157>

Electrodynamic deposition of cellulose from ionic liquid Ej fulltext

Johannes Thunberg

Licentiatavhandling 2013

<http://publications.lib.chalmers.se/publication/181749-electrodynamic-deposition-of-cellulose-from-ionic-liquid>

Radiation crosslinking of cellulose fibers to obtain rigid lightweight paperboard Ej fulltext

Mikaela Börjesson

Licentiatavhandling 2013

<http://publications.lib.chalmers.se/publication/182856-radiation-crosslinking-of-cellulose-fibers-to-obtain-rigid-lightweight-paperboard>

Sludge from pulp and paper mills for biogas production : strategies to improve energy performance in wastewater treatment and sludge management

Alina Hagelqvist

Doktorsavhandling 2013

<http://www.diva-portal.org/smash/get/diva2:603009/FULLTEXT01>

Deepening the insights of lignin structure: lignin-carbohydrate complex (LCC) fractionation and characterization and Kraft lignin amination Ej fulltext

Xueyu Du

Doktorsavhandling 2013

<http://kth.diva-portal.org/smash/record.jsf?pid=diva2:642070>

Multivariate analysis of 2D-NMR spectroscopyh: applications in wood science and metabolomics

Tommy Öman

Doktorsavhandling 2013

<http://urn.kb.se/resolve?urn=urn:nbn:se:umu:diva-80201>

Wastewater generated by the wooden floor industry : treatability investigation applying individual and coupled technologies Ej fulltext
Sawanya Laohaprapanon
Doktorsavhandling 2013
<http://urn.kb.se/resolve?urn=urn:nbn:se:lnu:diva-25300>

High temperature corrosion in a biomass-fired power boiler : reducing furnace wall corrosion in a waste wood-fired power plant with advanced steam data
Yousef Alipour
Licentiatavhandling 2013
<http://urn.kb.se/resolve?urn=urn:nbn:se:kth:diva-121155>

Paper for printed electronics and functionality
Bollström, Roger
Doktorsavhandling 2013
<https://www.doria.fi/handle/10024/92181>

Extraction of polymeric galactoglucomannans from spruce wood by pressurized hot water
Song, Tao
Doktorsavhandling 2013
<https://www.doria.fi/handle/10024/91507>
